OBJECTIVE

Aspiring software developer passionate about building scalable, efficient, and user-focused solutions. Known for a strong foundation in core programming skills and a drive to stay updated with evolving technologies. Quick to learn and adapt, with hands-on experience in collaborative team environments. I aim to leverage my skills to contribute meaningfully to a dynamic organization. Seeking a challenging opportunity to grow alongside a team committed to innovation and excellence. Seeking an opportunity to make a meaningful impact and contribute to both personal and organizational growth.

PROJECTS

- **Food court**
  - A website provides a streamlined interface, encompassing essential pages like Home, About Us, Menu, Order, and User Login/Signup. This design facilitates seamless user navigation and an engaging online ordering experience. The platform is crafted to enhance accessibility and customer satisfaction.
